T shirt quilts are priced per 12inch block. A 12 inch block may be constructed in the following ways:

- using 1 shirt (the front for the front and the back for the back)
- combining 2 t shirts front/back
- combining small logos from several shirts (2-4) to form one block, front only

some examples of block quantities per quilt size

crib/lap size	16 blocks
twin	24 blocks
full	30 blocks
queen	49 blocks
king	64 blocks

Plus PA sales tax _____
Return Shipping \$30 _____

An option to include in a t shirt quilt would be sashing. Sashing is an accent fabric (usually solid) that borders each block providing a 1 or 2 inch frame for each block. Sashing is recommended.

For t shirt quilts we have a flat block rate \$10 per block without sashing, \$12 per block with sashing.

A hanging sleeve \$20 additional

Number of Blocks: _____
number of shirts: _____
Color preference _____

Sashing? _____

Is the quilt recipient male or female? _____

Briefly describe the t shirts included _____

Do not pre cut your shirts! Shirts need to be at least 13"x13" .

T shirts should be laundered, placed into a plastic bag then boxed and shipped to us. Include a copy of this completed form in the bag with your shirts. If you have special requests about any shirts, write it on masking tape and tape it to the shirt.
